

# CLIMATE JUSTICE EVENING – JOIN US!

## YOU'RE INVITED TO SPEAK OUT ABOUT CLIMATE CHANGE

People living in poverty have something to say – but it's not often heard by the powerful. It's a message about how their lives, homes and families are being shattered right now by the changing climate.

World leaders will meet in Copenhagen this December to agree a new global climate change deal. It's critical that we deliver this message from our poorer neighbours. Join Tearfund and All Souls at this climate justice evening, ahead of *The Wave* on 5 December, to take action and pray as part of the global church's response to climate change.

No previous experience or knowledge is required, just a concern for justice and a desire to take action, pray and get your church involved.

**Thursday 19 November**  
**All Souls Church, Langham Place, London W1B 3DA**  
**6.30pm for 7pm**
